UTi IMS Inventory Management Solutions to be Featured in Case Study with TowerJazz at Upcoming Fab Owners Association Meeting at SEMICON Europa

GRENOBLE, FRANCE, Oct. 2, 2014 – UTi IMS, the industry leader in inventory management solutions for semiconductor fabs, microelectronics manufacturers and advanced production facilities, will be featured in a case study to be presented on October 7th at the upcoming Fab Owners Association membership meeting.

The presentation, entitled “Saving money while concentrating resources on core business operations,” will be presented by Yaron Ozer, director of global business development at UTi IMS, and Oren Saar, VP of global procurement at TowerJazz.

Ozer and Saar will discuss insight gained from the implementation of inventory management solutions from UTi IMS across fabs operated by TowerJazz.

More information about this year’s FOA membership meeting at SEMICON Europa can be found online at www.waferfabs.org. The FOA is an international, nonprofit, trade association of semiconductor & MEMS fab owners and industry suppliers who meet regularly to discuss and act on common manufacturing issues, combining strengths and resources to become more globally competitive.

ABOUT UTi IMS

UTi IMS is the industry leader in inventory management solutions for semiconductor fabs, microelectronics manufacturers and advanced production facilities. We help companies to save money and free themselves from the burdens of the conventional supply chain by managing the inbound flow of inventory from multiple suppliers and ensuring that the right inventory is available at the right time at the right price. To learn more, please visit the company online at www.UTiIMS.com.
